

7th January 2016

Dear Parents/Carers,

At South Rise we are committed to working closely with parents and carers in supporting children's learning needs at school and at home. The attached timetable sets out meetings we will be running for parents and carers during this academic year. All sessions are free of charge and are delivered in a relaxed, friendly way.

Please speak to myself if you are interested in this or if you have any other questions about these sessions. Additionally, if there is an area of focus you would be interested in that is not listed here, we would love to hear your suggestions.

This timetable may be added to from time to time, so please check our website and weekly newsletters for the most up-to-date version.

We look forward to welcoming you to a workshop in the near future.

With best wishes,

Catherine Keel
